This is responsive to the Request for Continued Examination filed
December 28, 2007.

Claims 3, 4 and 12-15 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to non-elected inventions, there being no allowable generic or linking claim. Claims 6, 7, 10 and 11 are withdrawn as being directed to the nonelected species of the presence of the inorganic ion-exchanger. The election was made **without** traverse in the reply filed on April 17, 2007.

The text of section 103(a) of Title 35, U.S. Code not included in this action can be found in the non-Final rejection mailed April 24, 2007.

Claims 1, 2 and 8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Yamamura et al. Patent No. 5,981,616.

Claims 5 and 9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Yamamura et al. as applied to the claims hereinabove, and further in view of Jansen et al. Patent No. 6,916,855.

The rejections are maintained for the reasons of record set forth in the previous Office actions. No new arguments have been presented rebutting the aforementioned rejections.

This is a Request for Continued Examination. All of the claims are drawn to the same invention and could have been finally rejected on the grounds and art of record in the next Office action since they had been entered previously. Accordingly,

THIS ACTION IS MADE FINAL even though it is a first action in this case (MPEP § 706.07(b)). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
